EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In claim 9: On line 1 delete "any of".

2. The following is an examiner's statement of reasons for allowance: Regarding claim 9, none of the references of record discloses or suggests, alone or in combination, a laser welding method comprising: a direction setting step of turning an array of focused beam spots obtained from the plurality of laser beams about the zero-order diffracted laser beam in accordance with a direction of an array of a plurality of welding points at which parts mounted on a circuit board are welded to the board, an interval setting step for causing an interval between the plurality of welding points in the array by adjusting the distance from the diffractive optical element to the board; and a connecting step for increasing the intensity of the plurality of laser beams to such an intensity that is necessary for welding , and connecting the parts to the board by simultaneously irradiating the plurality of working points with the focused beam spots in the array having the direction and the interval determined in the preceeding steps.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably
